Modern Global Economic System: Evolutional Development vs. Revolutionary Leap Elena G. Popkova 2021-03-16 This proceedings book reflects the alternative way of development of the modern global economic system. It sets evolutionary development in opposition to revolutionary leap. The search for the best way to develop the world economy in the present and future is carried out. The social environment and the human-centered development of the modern global economic system have been explored. The features of training of personnel for the modern global economic system through the development of vocational education and training have been studied. Sustainable development, energy and food security have been identified as significant milestones of the progress of the modern global economic system. Innovations and digital technologies have been suggested as the drivers of growth and development of the modern global economic system. Consideration has been given to the institutional framework and legal groundwork for the development of the modern global economic system. The fundamentals have been identified and recommendations have been put forward for improving governmental regulation, financial and capital investment support for integration in the modern global economic system. The book includes the best works based on the results of the 22nd International Research-to-Practice Conference "Current Issues of the Global Economy" which was held on June 19, 2020, at the Peoples' Friendship University of Russia (PFUR) (Moscow, Russia) and the 14th National Research-to-Practice Conference "A New Paradigm of Social and Economic Development in the Age of Intelligent Machines," which was held on May 14–16, 2020 (Nizhny Novgorod, Russia), VIII International Research-to-Practice Conference "Multipolar Globalization and Russia," which was held on May 21–23, 2020 (Rostov-on-Don, Russia), III All-Russian Research-to-Practice Conference "Power, Business, and Education: The Ascent to Man," which was held on May 21–22, 2020 (Krasnoyarsk, Russia), International Research-to-Practice Conference "Current Issues and Ways of Industrial Development: Engineering and Technologies," which was held from

September 28, 2020, till October 1, 2020 (Komsomolsk-on-Amur), and the 15th National Research-to-Practice Conference “New Models of Behavior of Market Players in the Conditions of Digital Economy,” which was held on October 29–30, 2020, at Ufa State Oil Technical University, Institute of Economics and Service (Ufa, Russia). The target audience of the book consists of scholars studying the features of development of the global economic system at the present stage and the prospects for its future progress.

*Fiscal Panorama of Latin America and the Caribbean 2020* Economic Commission for Latin America and the Caribbean 2020-08-27 The coronavirus disease (COVID-19) pandemic has generated a health, human and economic crisis without precedent in the past century. The region has responded rapidly, adopting packages of fiscal measures of diverse magnitude and scope. In this context, fiscal policy must play a key role in mitigating the human and economic impact in the short term, while also continuing to provide the impulse for achieving sustainable and inclusive growth in a post-COVID-19 world. As well as analysing the fiscal policy challenges of the current crisis, the *Fiscal Panorama of Latin America and the Caribbean, 2020* provides a broad overview of the problems of tax evasion in the region. It looks at the challenges of measuring tax evasion and the measures the countries are taking to tackle it. It also compares the functional allocation of public expenditure in the countries of the region, as a factor that has implications for the achievement of the Sustainable Development Goals.

*The Palestine Strategic Report 2020-2021* Prof. Dr. Mohsen Mohammad Saleh 2022-08-01 Al-Zaytouna Centre is pleased to present to its readers the Palestine Strategic Report (PSR) 2020–2021, the 12th PSR to be published. With an academic methodology and comprehensive objective approach, the report details the developments concerning the Palestine issue and provides the latest information and data available at the end of 2021, along with analyses and forecasts. This report is the result of collaborative work of 15 experts and researchers. In eight chapters, it addresses the internal Palestinian scene; Palestinian demographic and economic indicators; the situation in Jerusalem and the holy sites; the specifics of Israeli aggression, Palestinian resistance and the peace process; the internal situation in Israel, politically, economically and militarily; and Palestine’s Arab, Islamic, and international relations. The PSR now occupies a prominent position as an indispensable reference, integral to Palestine studies and research. Al-Zaytouna Centre hopes the PSR will continue to make valuable contributions in this field.

*Proceedings of the XVIII International symposium Symorg 2022 (BOOK OF ABSTRACTS)* Marko Mihić With 140 contributions by authors from 19 different countries, XVIII International Symposium of Organizational Sciences – SymOrg 2022 successfully sets the high level for future conferences. The topic of SymOrg 2020, “Sustainable Business Management and Digital Transformation: Challenges and Opportunities in the Post-COVID Era”, attracted researchers from different institutions, both in Serbia and abroad. This year, more than 300 scholars and practitioners authored and co-authored scientific and research articles that had been accepted for publication in the Book of Abstracts. All the contributions to the Book of Abstracts are classified into the following 13 key topics: □ Blockchain Technology in Business and

Information Systems □ Business Analytics □ Creativity, Innovation and Sustainable Management □ Digital Operations and Logistics Management □ Digital Transformation of Financial Industry □ Digital Transformation of Public Administration □ E-Business Ecosystems □ Evidence-Based Public Policy Making in the Post-COVID Environment □ LEAN Business Systems – Structures, Processes and Models □ Managing Digital Transformation Projects under Discontinuity □ Managing Human Resources in the Post-COVID Era □ Rethinking Marketing and Communication in the Post-COVID Era □ Quality Management and Standardization in Digital Transformation Era. The participation of numerous domestic and international authors and the diversity of topics justify our efforts to organize the Symposium. As SymOrg is traditionally at the intersection of academy and business, we believe that this year's meeting will bring about many in-depth discussions, contribute to prospective partnerships, and build stronger business and academic networks. We also believe that meeting will contribute to the exchange of knowledge, research results and experience among industry experts, research institutions and faculties, which all share a common interest in contemporary organizational sciences. We are very grateful to our distinguished keynote and plenary speakers: Ana Draskovic, Aleksander Aristovnik, Manuel Mazzara, Basant Agarwa and Priyanka Harjule. Also, special thanks to moderators for organizing the panels and workshops in the fields of higher education, business, supply chain, doctoral research studies and student engagement and sustainability. The Faculty of Organizational Sciences would like to express its gratitude to the Ministry of Education, Science and Technological Development and all the partners and individuals who have supported and contributed to the organization of the Symposium. We are particularly grateful to the contributors and reviewers who made this issue possible. But above all, we are especially thankful to the authors and presenters for making SymOrg 2022 a success! Belgrade, June 6, 2022 Marko Mihić, Ph.D. Sandra Jednak, Ph.D. Gordana Savić, Ph.D.

*OECD Economic Surveys: Czech Republic 2020* OECD 2020-12-04 After a long period of impressive convergence to the OECD average incomes, the Czech Republic is now battling the social and economic consequences of the COVID-19 pandemic. The economy contracted due to strict containment measures, but the authorities extended generous support to maintain incomes, employment and liquidity. The economic recovery is expected to be gradual.

Unprecedented? William Davies 2022-04-19 A critical and evidence-based account of the COVID-19 pandemic as a political-economic rupture, exposing underlying power struggles and social injustices. The dawn of the COVID-19 pandemic represented an exceptional interruption in the routines of work, financial markets, movement across borders and education. The policies introduced in response were said to be unprecedented—but the distribution of risks and rewards was anything but. While asset-owners, outsourcers, platforms and those in spacious homes prospered, others faced new hardships and dangers. *Unprecedented?* explores the events of 2020-21, as they afflicted the UK economy, as a means to grasp the underlying dynamics of contemporary capitalism, which are too often obscured from view. It traces the political and cultural contours of a "rentier nationalism," that was lurking prior to the pandemic, but was accelerated and illuminated by COVID-19. But it also pinpoints the contradictions and weaknesses of this capitalist model, and the new sources of opposition that it meets. An empirical, accessible and critical analysis of the COVID economy, *Unprecedented?* is essential reading for anyone seeking to understand the political and economic turbulence of the pandemic's first eighteen months.

The War of Words Harold James 2021-09-21 A timely call for recovering the true meanings of the nineteenth-century terms that are hobbling current political debates Nationalism, conservatism, liberalism, socialism, and capitalism are among the most fiercely debated ideas in contemporary politics. Since these concepts hark back to the nineteenth century, much of their nuanced meaning has been lost, and the words are most often used as epithets that short-circuit productive discussion. In this insightful book, Harold James uncovers the origins of these concepts and examines how the problematic definition and meaning of each term has become an obstacle to respectful communication. Noting that similar linguistic misunderstandings accompany such newer ideas as geopolitics, neoliberalism, technocracy, and globalism, James argues that a rich historical knowledge of the vocabulary surrounding globalization, politics, and economics—particularly the meaning and the usefulness that drove the original conceptions of the terms—is needed to negotiate the gaps between different understandings and make fruitful political debate once again possible.

Arab MENA Countries: Vulnerabilities and Constraints Against Democracy on the Eve of the Global COVID-19 Crisis Hussein Solomon 2020-12-08 This book

offers readers critical insights into a region in crisis and explores different facets of the crisis from governance to gender to the politics of identity, the challenge of the environment and the enduring impact of demographic variables and technological change. Whilst exploring the nature of the crises, the book also explores how policy-makers have responded to these and what other alternatives there are in overcoming challenges posed. Whilst the focus is on the Middle East North Africa region as a whole, the authors are well aware of the unique characteristics of individual countries. Hence the book examines regional trends whilst also being conscious of the national specificities of each country. In combining the general with the particular, the book approaches its subject matter from both a quantitative and a qualitative perspective allowing one to understand regional trends and country specific peculiarities.

Der Dschungel Upton Sinclair 2020-08-06 Der litauische Einwanderer Jurgis Rudkus kommt mit seiner Verlobten um 1900 nach Amerika, ins Land der unbegrenzten Möglichkeiten. Wie viele andere findet auch er Arbeit in den Schlachthöfen Chicagos, doch die Hygiene- und Sicherheitsstandards sind so niedrig, die Anforderungen so hoch und die Bezahlung so erbärmlich, dass die Immigranten kaum eine Chance auf ein vernünftiges Leben haben. Nachdem seine Familie durch mehrere Tragödien zerstört wird und ihre Existenz verliert, ist er gezwungen, auf illegalen Wegen Geld zu verdienen. Nach und nach erkennt er die Notwendigkeit, für Reformen und ein besseres Leben zu kämpfen. Der Dschungel gehört zu den wichtigsten Romanen der Literatur des 20. Jahrhunderts. Ein zeitloses, atemberaubend spannendes Leseerlebnis.

Tax simplification - An African Perspective Edited by Chris Evans, Riël Franzsen, Elizabeth (Lilla) Stack 2019 Edited by Chris Evans, Riël Franzsen, Elizabeth (Lilla) Stack 2019-01-01 Tax simplification - An African Perspective Edited by Chris Evans, Riël Franzsen, Elizabeth (Lilla) Stack 2019 ISBN: 978-1-920538-96-5 Pages: 347 Print version: Available Electronic version: Free PDF available About the publication Why are tax systems so complex and what are the causes and consequences of such complexity? The simplification of tax systems is one of the most important issues faced today in worldwide efforts to modernise and strengthen government finance and revenue raising capacities. Nowhere is it more important than throughout the rapidly emerging economies of the dynamic African region. This volume brings together contributions in this field from a conference held in South Africa in October 2018 and provides a unique synthesis of knowledge and understanding gained from the specialist expertise and diverse backgrounds brought to the tax simplification debate by those authors. Featured topics include: Taxpayers' rights to simplicity The African experience of tax simplification Simplification trends among small and medium sized entities Pension tax simplification Sources of complexity in value added taxation Simplification of recurrent property taxes Complexity and approaches to international taxation Complexity and taxation of multinational enterprises Lessons from overseas. The analysis of these topics includes timely and relevant perspectives from the experience in other jurisdictions including Australia, Canada, New Zealand, the United Kingdom and the United States. The volume will be an essential reference for researchers and others interested in the field from academia, government, legal and accounting practice and public policy organisations in African and other countries worldwide. OECD Economic Surveys: South Africa 2022 OECD 2022-08-25 The COVID-19 crisis has weakened an already fragile economy. South Africa's growth underperformed during the past decade: GDP per capita was already lower in 2019 than in 2008. Unemployment remains high, at around 35%, and youth unemployment even exceeds 50%. In the meantime, spending pressures are mounting to close the financing gap in health, infrastructure and higher education.

Population Trends in New Jersey James W. Hughes 2022-01-14 To fully understand New Jersey in the 2020s and beyond, it is crucial to understand its ever-changing population. This book examines the twenty-first century demographic trends that are reshaping the state now and will continue to do so in the future. But trend analysis requires a deep historical context. Present-day New Jersey is the result of a long demographic and economic journey that has taken place over centuries, constantly influenced by national and global forces. This book provides a detailed examination of this journey. The result is present-day New Jersey. The authors also highlight key trends that will continue to transform the state: domestic migration out of the state and immigration into it; increasing diversity; slower overall population growth; contracting fertility; the household revolution and changing living arrangements; generational disruptions; and suburbanization versus re-urbanization. All of these factors help place in context the result of the 2020 decennial U.S. Census. While the book focuses on New Jersey, the Garden State is a template of demographic, economic, social, and other forces characterizing the United States in the twenty-first century.

Green-lite G. Bruce Doern 2015-11-01 Anchored in the core literature on natural resources, energy production, and environmental analysis, Green-lite is a critical examination of Canadian environmental policy, governance, and politics drawing out key policy and governance patterns to show that the Canadian story is one of complexity and often weak performance. Making a compelling argument for deeper historical analysis of environmental policy and situating environmental concerns within political and fiscal agendas, the authors provide extended discussions on three relatively new features of environmental policy: the federal-cities and urban sustainability regime, the federal-municipal infrastructure regime, and the regime of agreements with NGOs and businesses that often relegate governments to observing participants rather than being policy leaders. They probe the Harper era's muzzling of environmental science and scientists, Canada's oil sands energy and resource economy, and the government's core Alberta and Western Canadian political base. The first book to provide an integrated, historical, and conceptual examination of Canadian environmental policy over many decades, Green-lite captures complex notions of what environmental policy and green agendas seek to achieve in a business-dominated economy of diverse energy producing technologies, and their pollution harms and risks.

The Routledge Handbook of Taxation and Philanthropy Henry Peter 2021-12-24  
The Routledge Handbook of Taxation and Philanthropy ventures into a territory that is still widely unexplored. It contains 30 academic contributions that aim to provide a better understanding of whether, why, and how philanthropic initiatives, understood as voluntary contributions for

the common good, can and should be fostered by states through tax incentives. The topic has been addressed from a multidisciplinary and multicultural perspective – covering neuroeconomics, sociology, political science, psychology, affective sciences, philosophy, behavioral economy, and law – because of its global and multifaceted nature. It also contains the OECD report on Taxation and Philanthropy released in November 2020, which was prepared in this context as a result of a collaboration with the Geneva Centre for Philanthropy of the University of Geneva. The book is divided into four sections, exploring, respectively, the justification of tax incentives for philanthropy, theoretical and empirical insights about taxes, efficiency and donor behavior in that context, and tax incentives for cross-border philanthropy and for hybrid entities and social entrepreneurship. It is believed that this volume will be a landmark yet only the beginning of a journey in which a lot remains to be studied, learned, and said.
